2000 SQUARE MILES OF
COLLABORATION, INNOVATION
& PRODUCTIVITY IN CENTRAL VIRGINIA

Region 2000:

*Eight localities and 130 businesses joining
in promoting economic development for our community.*

Our Common Goals:

- Cultivating a capable workforce
- Driving advanced research in the region
- Supporting the region's existing businesses
- Attracting new businesses...and new jobs
- Promoting our region to the world
- Measuring and reporting results

With the successful Future Focus Campaign, the Region 2000 Partnership's generous supporters have enabled us to:

- Establish the Center for Advanced Engineering and Research
- Establish research agreements with area universities
- Launch R&D projects for local industries
- Catalog the region's technical education programs
- Initiate new workforce retention & recruitment programs
- Host the annual Region 2000 Awards Banquet (May 22)
- Assist with the placement of two new companies in Bedford City & County
- Co-host workshops to benefit small businesses
- Serve as a prototype community for a new state initiative promoting outsourcing of work from Washington-area businesses.

The Region 2000 Partnership consists of The Economic Development Council, Center for Advanced Engineering and Research, Local Government Council, Technology Council, Workforce Investment Board and the Young Professionals of Central Virginia.
